

M2M One Group Data Plans (Flexible Pool)

With group data plans every active SIM on the **same rate plan** contributes its data allowance to create a “pool” of data across your SIM fleet - For example 4 x 5MB SIM cards gives you a pool of 20MB.
(Note: SIM Cards do not pool across different rate plans)

If you exceed the limit of the pool you can move to a larger plan at any point in the calendar month.
