Service Terms

Standard Terms

- Pricing is in Australian Dollar EX GST
- M2M One standard Terms and Conditions apply
- Monthly Recurring Charge (MRC) is billed monthly in advance unless otherwise specified
- Overage charges are billed monthly in arrears at the rate specified in the plan
- Early termination fees will be automatically charged for any subscription that is terminated within the committed term as above
- Plan pricing is subject to change with thirty(30) days written notice

IMT Terms

- Activation fee is applicable for all new activations or re-activation of cancelled services.
- Plan moves are possible. Activation fee is applicable for any plan change
- Sessions are charged in 1Byte increments with a minimum charge of 75 or 25 Bytes per session
- Assets can be suspended at full MRC after initial 3 month term.
- Suspensions within the first 3 months incur a termination fee as determined by Iridium

Pooling Terms

- Pooled plans share the data volume across the IMEIs provisioned against the same plan
- Suspended assets are charged at full MRC, and will not contribute towards the pool capacity
- Assets activated/ suspended/de-activated within the billing period will be billed pro-rata, and the pool capacity contribution will be equally calculated by pro-rata
